

B K 7 0

Conservation Oil

Description

BK 70 is a premium quality conservation oil offering excellent anti-corrosion properties. Developed to replace the usual conventional products and protect the natural environment. (also in a sea transport version with extra additives – **BK 70S**)

Areas of Application

BK 70 is designed for protection of metal materials against atmospheric corrosion.

Characteristic features

- Readily biodegradable;
- Excellent anti-corrosion protection

PHYSICAL PROPERTIES

PARAMETER	UNIT	TEST METHOD	VALUE
Density at 15 °C	kg/m ³	ISO 12185	905
Kinematic Viscosity at 40°C	mm ² /s	ASTM D445	70
Pour point	°C	ASTM D97	-35
Flash point, COC	°C	ASTM D92	>200
Oil film weight at 20°C	Kg/100m ²		2-3
Biodegradability (within 21 days)	%	CEC-L-33-A-93	>90

Issue Date: 7/3/2016
